Town of Bowdoin, Feb. 21, 1914.

Auditor's Report.

TO THE CITIZENS OF BOWDOIN:

I respectfully report that I have audited the books and accounts of the Selectmen and Treasurer of the Town of Bowdoin, for the fiscal year, ending Feb. 21, 1914, found them correct with the proper vouchers on file.

The financial standing of the town as represented by them in their annual report herewithin submitted is a correct transcript from the books of the town.

Respectfully Submitted,

F. S. ADAMS,
Auditor.

Bowdoin, Me. Feb. 21, 1914.

School Report.

*To the Superintending School Committee and Citizens, of the Town
of Bowdoin:*

GENTLEMEN:—

I hereby submit to your inspection my first Annual Report as the Superintendent of your Public Schools.

In the ten months I have served in this capacity it has been my desire not so much to accomplish great things by introducing new ideas with the intention of radically changing the personnel of the schools as to thoroughly acquaint myself with the conditions existing in each school and to gain knowledge as to their needs both present and future.

The schools I found to be in a very good condition, thanks to the earnest labor of your former Superintendent, nevertheless many changes will be necessary to bring them up to the standard of the better schools of the State. They need to be graded and classified. They must have a uniform set of text books.

There has been a steady progress in the work and efficiency of each school and while some teachers have faced situations which were disheartening yet they have persevered toward the end in view.

It is my desire to see the schools properly graded this year. Much time is lost because of the confusion caused by pupils reciting in different studies in various grades and from various texts, when they should be reciting in a uniform grade and from a uniform set of text books.

In one school two different sets of text books in grammar, neither of which are modern, are in use. Several times delays have been caused in getting books to the schools because of the same reason. The teacher ordering would fail to name the author of the book needed with the result that the wrong book would be delivered. Some of the old books need to be taken out and new substituted. This will cost money and it is up to you.

The financial report for this year is as follows:

Pupils not absent one-half day, Dora Beals, Kenneth Douglass, Grace Small, Edwin Lane, Carl Webber, Fran-

ces Webber, Nellie Trufant, Grace Trufant, Dorothy Skelton, Merle Brown, Ina Maloon, Blanch Holbrook, Charles Holbrook, Herman Holbrook, Clyde Adams, Lewis Wilberd, Willie Small, Leo LaChapelle, Roselva LaChapelle, Chester Carr, Edna Skelton, Madalyn Starbird.

REPAIRS MADE

Fence built around Wood School house.
Wood School house shingled.
Jaques School house partly shingled.
New stove for Starbird school.

REPAIRS NEEDED

Carr School house, shingling, new sills and entry.
Borough School house, plastering.
J. Small School house, plastering and sills.
Wood School house plastering.
Several School houses need painting.

There are 269 boys and girls of school age in the town, of whom there are but about 150 attending school.

Last but not least I would mention the union of the three towns, Bowdoin, Litchfield and Wales to form a Supervisory Union. This was done according to the vote of the towns. As yet this is in an experimental condition for a stranger coming to a new work in so large a field of this kind would find it impossible to more than get his feet placed in the ten months passed. A local man would have some knowledge of the field while a stranger must first learn the territory, then the school with its constituency and then the people as a whole, with their desires and hopes.

Thanking all who have helped this past year, to make the work as successful as possible and thanking the School Committee for their help and kindness I am,

Very truly yours

H. B. AREY,

Superintendent.

W. L. MALOON,	} School Committee of Bowdoin
